

## ED SHEERAN – CELESTIAL

You see tonight, it could go either way  
Hearts balanced on a razor blade  
We are designed to love and break  
And to rinse and repeat it all again  
I get stuck when the world's too loud  
And things don't look up when you're going down  
I know your arms are reaching out  
From somewhere beyond the clouds  
You make me feel  
Like my troubled heart is a million miles away  
You make me feel  
Like I'm drunk on stars and we're dancing out into space  
Celestial  
Celestial  
I see the light shining through the rain  
A thousand colours in the brighter shade  
Needed to rise from the lowest place  
There's silver lining that surrounds the grey  
When I get lost, will it come back around?  
Things don't look up when you're going down  
I know your arms, they are reaching out  
From somewhere beyond the clouds  
You make me feel  
Like my troubled heart is a million miles away  
You make me feel  
Like I'm drunk on stars, and we're dancing out into space  
Celestial  
Celestial (oh, oh-oh-oh)  
We were made to be nothing more than this  
Finding magic in all the smallest things  
The way we notice, that's what really matters  
Let's make tonight go on and on and on  
(You make me feel) we were made to be nothing more than this  
Finding magic in all the smallest things  
(You make me feel) the way we notice, that's what really matters  
Let's make tonight go on and on and on  
You make me feel  
Like my troubled heart is a million miles away
